### VIRTUAL SIGNUP

Are you registered for the series but unable to participate in-person in one or more of the RunDenver Series events, and don't want to miss out on the cool swag, the epic medal, and points for the series awards? No sweat! You can participate virtually from anywhere (home, treadmill, beaver corners, dam avenue, etc.) We just need you to follow a few easy steps (please note, this is **not** for those of you that are doing the whole series virtually).

Here is what you need to do:

1. 📱 Tell us you want to run virtually via this [private page](#) (or use the button below). You must sign up no later than 9 a.m. on the event day.
2. ✓ Select if you will pick up your swag at the advance packet pickup this weekend, at Road Runner Sports during a 2 week window following the race, or you can have it mailed to you for a small shipping and handling fee.
3. 🏃 Run, walk, skip your event virtually when it works best for you, but to be included in the official results, you must complete the event and submit your results between March 2nd and March 9th.
4. 🛠 Boom! You conquered That Dam Run!

**SWITCH TO VIRTUAL**

## HOW TO SUBMIT YOUR VIRTUAL RESULTS

General Process: You will receive an email from Fitmap.app/Sodisp (check your spam just in case) to connect with the event(s) you are participating in virtually to record your results.

### ***Step-by-Step Process***

**Step 1:** Complete the Virtual Signup if you have not already. Depending on how far out from the event it is, you will receive an email from Sodisp (our results platform) about 5 days before the in-person event or within 48 hours of your signup during event week. The Sodisp email will include an invite to connect to the event so you can submit your results manually or sync your device so it automatically submits results for you!

***\*\*If you don't have an account with FitMap.app already, you can set one up easily here: [create an account \(it's free!\)](#)***

**Step 2:** Click the Join button to set up your account and link this to the That Dam Run 13.1, 10K, and 5K. This has your personal verification code included, so keep this link to yourself.

**Step 3:** Start logging activities - Once you are connected with your event you can start entering activities. You can open the "Connections" section in your profile to **connect your FitMap.app account with popular GPS devices and apps**. Doing this has the benefit of automatically syncing your activities straight from the watch/app into your virtual event with no manual steps in between, or you can also do manual entry of your run/walk if you don't have, or don't want to use a GPS watch or app.

**Step 4:** Sit back and listen to some Justin Beaver tunes and celebrate! 🥳
